Who We Are:

Our signature food line brings a savory hickory-smoked flavor from our Southern Pride smoked meats alongside complimentary side-dishes, made with traditional amish-mennonite flavors woven throughout. This unique composition of perfectly seasoned meats, homemade sides, sauces and salads speaks to the years of experience Kickin' Kater has invested into creating the perfect meal experience for you and your guests. There's no celebration, picnic, banquet or wedding that's too large or too small that will not be considered by our team!

What We Do:

We provide different levels of service, allowing you to be in control of your budget, and how involved you would like us to be — from food preparation, to delivery, or inviting our staff to stay on site to help take the stress out of your day. Our "Buffet-Style" approach to serving allows your guests to fill their plates quickly, with a team of experienced staff on-site to keep food replenished, taste-buds happy, and warm service and hospitality when it matters most.

Our Meats:

"Slow and low" is our motto when it comes to producing our signature line of meats that we know will have you reaching for more. Whether slow-roasted for 12-14 hours in our Southern Pride rotisserie smoker, or tenderized through our low-temp oven-bake, we truly believe you won't find more flavorful and choice cuts of meat to highlight your upcoming event. Our limited, but well-rounded selection, provides something for everyone, while maintaining the integrity gained from simplicity and experience.
